Reveries of a futile world  
Approaching my deepest fears  
Prophecies that ghostly unfold  
The blindness of 61 years

This is the ending of all  
This is the day we shall fall  
From the depths of our souls we must crawl

Ever since the birth of Trinity (July 16, 1945)  
We are marching towards our banishment  
In contempt with our own divinity  
Will I ever comprehend?

In this day and age we wander  
Awaiting the things to come  
Through these times of slumber  
Have we already foreseen it all?

This is the ending of all  
This is the day we shall fall  
From the depths of our souls we must crawl

Too many questions that haunt me  
The answers are hard to find  
Structural torment without an end  
Revelation to the blind

[Lead: Romeijn]

'From the edge of Distress  
We will never surpass  
Innovation belongs to the past'

This is the ending of all  
This is the day we shall fall  
From the depths of our souls we must crawl

Ever since the birth of Trinity  
We are marching towards our banishment  
In contempt with our own divinity  
Will I ever comprehend?
