Baby, let me take you

Let me take you in my arms

Let me take you in my

Arms and hold you

Show you I love you

Baby, I love you

Baby, I love you

Baby, baby, I love you

Don't love nobody else

You got my love

Just for yourself

Baby, let me kiss you

Baby, baby, let me

Kiss your lips

Let me kiss you

Til I feel your soul

Can't you see

That I need you

And if you feel the same

Tell me that you love me too

And when you call my name

Try to feel the way I do
Baby, let me feel you
Baby, baby, let me
Feel your soul
Let me feel you put
Your soul in mine
Gonna make you love me
Baby, let me hold you
Let me hold you
In my loving arms
Baby, baby, let me
Feel your charms
Show you I love you
Baby, I love you
(I love you, baby)
And if you feel the same
Tell me that you love me too
And when you call my name
Try to feel the way I do
Don't love nobody else
You got my love
Just for yourself
Can't you see the
Love vibrations
Don't you feel them
Sweet sensations

Baby, baby, let me
Kiss your lips
And if you feel the same
Tell me that you love me too
And when you call my name
Try to feel the way I do
Baby, let me take you
Let me take you in my arms
Let me take you in my
Arms and hold you
Show you I love you
Baby, I love you
Baby, baby, I love you
Don't love nobody else
You got my love
Just for yourself
Can't you see the
Love vibrations
Don't you feel them
Sweet sensations
Don't you feel
This warm embrace
Why don't you give my
Love a chance
