Wear this ring with love forever

Wear this ring with love

This ring means I love you

And this ring means you love me too

It's a ring to seal our love together

You for me, me always for you

And you be my woman

And, baby, I'll be your man

If you just wear this ring

With love forever

This ring will tell a story

Think of all the good things we got to

Settle down and have two little children

A boy for me and a

Sweet little girl for you

How sweet it is for a

Man to love his woman

And, baby, for a woman

To love her man

Please, wear this ring with love

(Promise me, baby) forever

Forever (I know you're gonna do it for me)

Forever (ever and ever) and more

Wear this ring with love (hey)

Wear this ring with love (listen now)

Now just put this ring on your finger

And we will be on a ship of love

You and me having lots of fun together

Making real, all the things we dream of

How sweet it is for a

Man to love his woman

And, baby, for a woman

To love her man

Please, wear this ring with love

(Promise me, baby)

Wear this ring with love

(Don't ever pull it off of your finger)

Wear this ring with love

(I know you're gonna)

Wear this ring with love

(You're gonna do it for me now)
