I just hate stupid people.  
They should have to wear signs that just say I'm stupid.  
That way you wouldn't rely on them, would you?  
You wouldn't ask them anything. It would be like,  
"Excuse me...oops,  
never mind"  
"I didn't see your sign."

It's like before my wife and I moved from Texas to  
California our house  
was full  
of boxes and there was a u-Haul truck in our driveway.  
My friend comes over and says, "Hey, You moving?"

"Nope."

"We just pack our stuff up once or twice a week. Just to  
see how many  
boxes it takes."

"Here's your sign."

Why can't they get the picture? Why don't they  
understand?  
We're not dealing with the planet of apes, we're talking  
about the  
modern man.  
So you people with them itsy bitsy teensie weensie tiny  
minds...  
Here's your sign. Here's your sign.

A couple of months ago I went fishing with a buddy of  
mine, we pulled  
his boat  
into the dock, I lifted up this big 'ol stringer of bass this  
idiot on  
the dock  
goes, "Hey, yall catch all them fish?"

Nope.

"Talked 'em into giving up."

"Here's your sign."

I was out in the front yard with my boy the other day  
and he was  
playing with his little friend, and he hit his friend and I  
went up to  
him  
and I said "Hey, (smacks his boy), we don't hit." He  
looked up at me  
like, "Here's your sign, dad."

Why can't they get the picture? Why don't they  
understand?  
We're not dealing with the planet of apes, we're talking  
about the  
modern man.  
So you people with them itsy bitsy teensie weensie tiny  
minds...  
Here's your sign. Here's your sign.

I was watching one of those animal shows on the  
Discovery Channel, there  
was a guy  
inventing a shark bite suit. There's only one way to test  
that.  
"Alright Jimmy, you got that shark suit on, it looks  
good... They want  
you to jump  
into this pool of sharks, and you tell us if it hurts when  
they bite  
you."

"Well alright....hold my sign, I don't wanna loose it"

Why can't they get the picture? Why don't they  
understand?  
We're not dealing with the planet of apes, we're talking  
about the  
modern man.  
So you people with them itsy bitsy teensie weensie tiny  
minds...  
Here's your sign. Here's your sign.

Last time I was home I was driving around I had a flat  
tire, I pulled my  
truck into one  
of these side-of-the-road gas stations, the attendant  
walks out, looks  
at my truck,  
looks at me, I swear to GOD he went, "Tire go flat?"

I couldn't resist.

I said "Nope".

"No I was driving around and those other three just  
swelled right up on  
me."

"Here's your sign."

Why can't they get the picture? Why don't they  
understand?  
We're not dealing with the planet of apes, we're talking  
about the  
modern man.  
So you people with them itsy bitsy teensie weensie tiny  
minds...  
People with them little bitty teenie weenie tiny monds...  
Here's your sign.

We were trying to sell our car about a year ago, a guy  
come over to the  
house, drove the  
car around for about 45 minutes. We get back to the  
house, he gets out  
of the car, reaches down  
and grabs the exhaust pipe, then goes, "Damn thats  
hot!"

See...

If he'd been wearing his sign, I could have stopped  
him.
