dEUS - One advice, space

Wasted and wounded, erased with the night
one man's conviction is another man's lie
I said you could find me where the nightawks fly
And I'll be there a while, yes I'll be there a while

Dustpaper coupons, there's guy by the door
He said: " what makes me quit makes you go back for more"
This place isn't real man, this girl is a whore
Watch me fall to the floor, but I'll go back for more

Sometimes I wander

So I finally found you, and I lost you to love
No it sure wasn't this I was thinking of
Put your silhouette on me and your sweetness above
And I can't get enough, no I can't get enough

Wasted and wounded, this ain't no way to die
One man's cold turkey is another man's high
I said you could find me where the nightawks fly
And I'll be there a while, yes I'll be there a while

Sometimes I wonder

Down on the floor, got a closer look at hell
You see, somebody pushed me, I just pretended that I fell
I said that I adored you, but I could never tell
For all that I know, I'll be gone when you go

Music went through you and took you to a place
There ain't no doubt you'll find a welcoming embrace
I said that I loved you, another hawk in space
And you'll be there for a while and I'll be there for a while

Finding my own inarticulate prose
Weirding out strangers and laughing at those

Jaundiced and jaded postured and posed
Not that we're special it's just that we're
Closing in on a place where we might get to be
Living real people regularly
Send you some stuff and be good like you asked
Must promise remember the sixth and the last

Thanks for anonymous invisible
Take us away
Thanks for not breaking like they wanted
Take us away
Wale me and say " Take us away".
