TRUTH:

Truth, Deuce, & Jeffree Star

DEUCE:

She wants to lick my body
And I want to lick her body
So lets all have a party
Lick each other
Lets get naughty
She thinks I'm a Hottie
And I know she likes it Doggy
Ooo-ahh la di da di
Ooo-ahh touch my body

CHORUS:

Girl lets get Freaky Now
Lick you all up and down
I got them lips
I'll make you drip
Till you twist all around
I wanna feel them legs
Cause it aint time for sex
You got them hips
You got them lips
I wanna feel the rest

JEFFREE STAR:

I like boys and girls and rockstars
Even virgins wanna come into my snack bar
Don't hate me cause I fucked your favorite band
Beer bottle in my pussy
Lets do a keg stand *bing
* And let me show you
How to sit on that dick
America's next top model *click-click
* I'm the ringleader, girls follow my trends
Got Hannah Montana doing anal with my friends
Pull my hair, scratch my back, beat me like Rihanna
I love ass to mouth & black cock like Obama
What? We showed you how to turn off the lights
So give me some Fuckin' Twilight neck bites
Deuce is goin' getcha coochie real loose

So Imma line up your men
And play duck duck goose

CHORUS:

Girl lets get Freaky Now
Lick you all up and down
I got them lips
I'll make you drip
Till you twist all around
I wanna feel them legs
Cause it aint time for sex
You got them hips
You got them lips
I wanna feel the rest

DEUCE:

Oh, look who's back
With his favorite transvestite
In the back sittin', VIP
That's right!
And you still waiting outside with a girl
Mad cause I got through the front line
With a gun, Yeah! it's all fun
Till you're laid out
With your brains out
And you end up on the other side of the club
With your face down
While the whole club
Bangs out of control
it's out of this world!
The way you shake them hips
Makes me like "Damn Girl"
The way them lips taste
Makes me think "Damn, sure that you're suckin dicks,
straight from the
Mens bathroom"
A lil drip drip, cause you stuck your dick quick
Inside some bitch and made me realize "Oh Shiit"
Took that shit out when it smelled like cold fish
A lil Chlamydia aint gonna do shit!

CHORUS:

Girl lets get Freaky Now
Lick you all up and down
I got them lips
I'll make you drip
Till you twist all around
I wanna feel them legs
Cause it aint time for sex
You got them hips
You got them lips

I wanna feel the rest

TRUTH:

I'm from the west coast
Bentleys and palm trees
You can tell this armenian
looking at his car keys.
Got a problem, Add it up
Damn right, I'm tatted up.
California, Stand up
And, go on, put your hands up.
I'm sipping on whatever
So she can look better.
I don't want no problems
So I brought the condoms.
Truth is in the house
She must be in some luck.
I seen her at the club
And heard she want's to fuck.
I'm gangster like white walls
Sitting on a regal
I hear no, and I see no, and I speak no evil.
Rock your boat, baby, I'm the coolest skipper.
Live up in this hospital, Ain't nobody sicker.
Balling, baby, My jewels speak for themselves.
I got the LVs on the bag
just match the belt.
I like the smiles on your bitch and that's a fact
I get some miles on your bitch and I send her ass back
That's right.

CHORUS:

Girl lets get Freaky Now
Lick you all up and down
I got them lips
I'll make you drip
Till you twist all around
I wanna feel them legs
Cause it aint time for sex
You got them hips
You got them lips
I wanna feel the rest

DEUCE:

These ladies go crazy
They wanna have all my babies
They love me cause I'm famous
And haters hate that I made it
"Oh Baby Oh Baby"
Let me get in your Mercedes
I know you got a friend or two maybe

I hope she aint think we dating

TRUTH:

I'm heroin I'm like ecstasy
All these girls want sex from me
Blowin' up my phone
Always texting me
All they wanna do is get next to me
I'm schizo, I'm loco.
They're mad because I'm rolling solo.
I'm rich trying to get that modo.
And in the bed these girls say I'm a mofo.

CHORUS:

Girl lets get Freaky Now
Lick you all up and down
I got them lips
I'll make you drip
Till you twist all around
I wanna feel them legs
Cause it aint time for sex
You got them hips
You got them lips
I wanna feel the rest

JEFFREE STAR:
