You drive too fast  
Can you please shut up  
I'll call the police  
If you don't stop.

You're just trying to scare me  
You want me to know  
That you're not this precious  
Little thing you hold.

You're afraid you say (and you're never sure)  
Of the coming day (if what you've seen before)  
And I'm not that handsome (is what you'll see again)  
Anyway (In remembering)

But I'm feeling good  
And if you don't exist  
You're still one illusion  
That I can't resist

Now you're holding back  
And I'm holding on  
Heaven knows what you want.  
'Cause kicks like these  
They're coming fast  
But watching how long they last.

It's a funny time  
To fall in love  
Feels like something pulled me up  
To see me fall right off.  
You drive too fast  
But I don't care  
Wherever's fine  
Just take me there.

Now I'm holding back  
And you're moving on  
Heaven knows what I want  
'Cause on a day like this  
I'd believe anything

I don't know where to begin.

One for your coming  
Two for your shoes  
Your buccaneer loving  
And suicide moods  
I wanna move  
Don't figure out much  
Into the new  
Out of the blue, out of the darkness

Into the new, out of the blackness...
