Your head come on is dead and gone it might as well
be said so long
It's suds and soda a brain decoder and can I wait for
my decoder
Get off get up you son of pop the light below is bright
on top
It's suds and soda a smile decoder and can I get yeah
what I ordered?
And there's always something in the air, sometimes,
suds & soda mix ok with beer
Can I, can I break your sentiment
You're just a monument, can't see no precedent
Just wanna shout what the fuck
Jimmy Dean is Halloween like kerosene for dee dee
scene
It's suds and soda a brain decoder and can I skip this
thing I ordered
Get off get up you son of pop the light below is bright
on top
It's suds and soda a vibe decoder and can I get yeah
what I ordered?
And there's always something in the air, sometimes,
suds & soda mix ok with beer
Can I, can I break your sentiment
(To me) you're just a monument, can't see no
precedent
Just wanna shout what the fuck
And there's always something in the air
Your face come on is dead and gone, you might as well
be said so long
It's suds and soda a brain decoder and can I wait for
my devoter
Get off get up you son of pop the light below is bright
on top
It's suds and soda a smile decoder and can I skip yeah
what I ordered?
And can I break your sentiment?
So can I break your sentiment, so can I break your
sentiment
So can I break your sentiment, so can I break your
sentiment

So can I break your sentiment, so can I break your
sentiment
So can I break your sentiment, so can I break your
sentiment
So can I break your sentiment, so can I break your
sentiment Friday, friday, friday, friday,
Friday, friday, friday
