I'm gonna hit it and against the rock
I'm gonna hit it and against the rock, hit it, I'm gonna
hit it and against the rock, hit it
I'm gonna hit it and against the rock, hit it, I'm gonna
hit it and against the rock, hit it

I skipped the part about love, I skipped the part about
love

I'm gonna hit it and against the clock, I'm gonna hit it
and against the clock, hit it
I'm gonna hit it and against the clock, hit it, every
minute and against the clock, hit it
I'm gonna hit it and against the clock, hit it

I skipped the part about love, I skipped the part about
love

I break my heart with a frying pan

Liar, liar, liar, liar, liar, liar
I'm gonna hit it and against the rock, liar
I'm gonna hit it and against the rock, I'm gonna hit it
and against the clock
I'm gonna hit it and against the clock, hit it, I'm gonna
hit it and against the clock, hit it
I'm gonna hit it and against the clock, hit it, I'm gonna
hit it and against the rock, hit it
I'm gonna hit it and against the clock, hit it, I'm gonna
hit it and against the rock, hit it
I'm gonna hit it and against the clock, hit it
