dEUS - One advice, space

Wasted and wounded, erased with the night  
one man's conviction is another man's lie  
I said you could find me where the nightawks fly  
And I'll be there a while, yes I'll be there a while

Dustpaper coupons, there's guy by the door  
He said: " what makes me quit makes you go back for  
more"  
This place isn't real man, this girl is a whore  
Watch me fall to the floor, but I'll go back for more

Sometimes I wander

So I finally found you, and I lost you to love  
No it sure wasn't this I was thinking of  
Put your silhouette on me and your sweetness above  
And I can't get enough, no I can't get enough

Wasted and wounded, this ain't no way to die  
One man's cold turkey is another man's high  
I said you could find me where the nightawks fly  
And I'll be there a while, yes I'll be there a while

Sometimes I wonder

Down on the floor, got a closer look at hell  
You see, somebody pushed me, I just pretended that I  
fell  
I said that I adored you, but I could never tell  
For all that I know, I'll be gone when you go

Music went through you and took you to a place  
There ain't no doubt you'll find a welcoming embrace  
I said that I loved you, another hawk in space  
And you'll be there for a while and I'll be there for a  
while

Finding my own inarticulate prose  
Weirding out strangers and laughing at those  
jaundiced and jaded postured and posed

Not that we're special it's just that we're  
Closing in on a place where we might get to be  
Living real people regularly  
Send you some stuff and be good like you asked  
Must promise remember the sixth and the last

Thanks for anonymous invisible  
Take us away  
Thanks for not breaking like they wanted  
Take us away  
Wale me and say " Take us away".
