Rose said quote: "it's time to make a mess"

Time won't be soon mine in time I guess

She's painting on my back a beautiful flowerpot

And she treats me she treats me she treats me like her  
local god

Rose said quote: "it's time to make a mess"

This one's yours and yours is self obsessed

She's painting on my back a green tom, the Beefheart  
one

And she cuddles and she coos and she cuts the bullshit  
I confessed

She said: "Don't look my way

What can I possibly say

I've never seen you before today

I'm just the one that makes you think of the one

that makes you feel like you're the one."

But thank you for the roses for the roses

So thank you for the roses for the roses

Thank you for the roses for the roses (2 times)

Rose said quote: "it's time to make a mess"

remind me what it is that I do best

She's painting on my back some beautiful something  
sweet

And she treats me, she treats me, she beats me

Rose said quote: "my time has come at last"

Ugly things through my mind they have passed

She's scratching on my back 'if this boy believes me'

She leaves me, deceives me and takes those flowers  
just to

please me...

Rose don't mind where she been

She been blind

She been mine

all this time

She been kind

She been blind

She says: "Thank you for the roses for the roses."

Just to thank you for the roses for the roses (5 times)

Just to thank you
