This elevator
only takes one down
she said, this place
this hotel lounge
it's my daily bread
but I'm underfad
He asked
are you lying in the night
cause I can tell you have
a lousy imagination
as a matter of speaking
I hate this situation
but it happens to be one
of my picking
Cause it's so hard
to keep the dream alive
cause if it all domes down
to this, how will
You move me, you move me
You move me around and around
I guess
take it back your analogue
it's on the other side of this
cause if it all comes down
to this
how will glamour survive
She said do you have another
cigarette
I tend to forget
I hoisted the flag
but it keeps hanging down
You know this place
this hotel lounge
it's my life
it's my choice
and I'm in love with
Ricky Lee Jones's voice
Cause it's so hard...
You move me (X5)
This elevator
only takes one down
she said, this place

in this same old town
Do you see that man
in hte left hand corner
do you see that woman
their love story's famous
