Where have i seen this before?
When will i feel it again?
Somebody opened a door
I'm afraid to walk in
Imagination will kill
If imagination stands still
I read it in open book
read it in open book

Oh man, i read it in books of laughter
Oh man, i read it in books of pain

What are you talking to me
Cause i'm not really there
Like a spirit that's free
I'm as light as the air

Oh man, i'm as light as the air and floating
Oh man, i'm as light as the air and floating

Take me on
Where the fire winds blow
Of where a fallen leaf stays
for days
on your shoulder

Cause all i need
Is to find my own
And that summering drone
Illicit and golden

Oh lord where have i seen this before
Oh lord when will i feel it again

Read it in every move
Read it in every game
Read it in what you do
Read it in everything

Oh man, as light as the air and floating
Oh man, as light as the air and floating
Take me on

Where the fire winds blow
Cause when time stands still
I wait until
It's over
And all i need
Is to find my own
And the summering drone
Illicit and golden
