"My God"

People come and people go
I keep going against the flow
Too divine or rockin' too loud
Always standing alone in the crowd
They think I've got low I.q.
'Cos I don't think the way they do
I just want to search and take
Another view to see what is fake

Just me and my God

People come and people go
For people's sake I won't bow
Only thing that matters to me
By Jesus Christ I've been set free
Break the chains and listen to me
True belief will set you free
Dreams of freedom can be true
It's your life, it's up to you

Just me and my God
