The plan it wasn't much of a plan  
I just started walking  
I had enough of this old town  
and nothing else to do  
It was one of those nights  
you wonder how nobody died  
we started talking  
You didn't come here to have fun  
you said: "well I just came for you"

Do you still love me?  
do you feel the same  
Do I have a chance  
of doing that old dance  
with someone I've been  
pushing away

And touch we touched the soul  
the very soul, the soul of what we were then  
With the old schemes of shattered dreams  
lying on the floor  
You looked at me  
no more than sympathy  
my lies you have heard them  
My stories you have laughed with  
my clothes you have torn

And do you still love me?  
do you feel the same  
And do I have a chance  
of doing that old dance again  
Is it too late for some of that romance again  
Let's go away, we'll never have the chance again

You lost that feeling  
You want it again  
More than I'm feeling

you'll never get  
You had a go at  
all that you know  
You lost that feeling

so come down and show

Don't say goodbye  
let accusations fly  
like in that movie  
You know the one where Martin Sheen  
waves his arm to the girl on the street  
I once told a friend  
that nothing really ends  
no-one can prove it  
So I'm asking you now  
could it possibly be  
that you still love me?  
And do you feel the same  
Do I have a chance  
of doing that old dance again  
Or is it too late for some of that romance again  
Let's go away, we'll never have the chance again

I take it all from you  
I take it all from you  
I take it all from you  
I take it all from you

I take it all from you  
I take it all from you
