There's no rules here  
I been making stuff up from the beginning  
How i feel today  
Is it the price i pay  
For all my sinning

I'm just a lonely boy  
Would you be my enemy  
I'm finding little joy in repetition  
This routine they call destiny

When you put me down  
Revenge is the first thing on my mind  
But that's just stupid, man  
I need a better plan  
Delicate and refined  
Between thunder and lightning  
There is a gap  
I should have listened to the warning  
I would have seen the trap

Can you feel it  
When all is stuck, right  
In front of you  
Can you heal it  
It's gonna take a revolution now  
To get through to you

You don't know what you're destroying

I got all qualities of a stalker  
I'm right behind you  
Don't dare me now  
I'm a faster walker  
I'm right on top of you

I'm just a lonely boy  
Would you keep me company  
You keep me on my toes  
You get me going  
When i'm weak

Can you feel it  
When all is stuck  
In front of you  
Can you heal it  
It's gonna take a revolution now  
To get through to you  
Can you see it  
The sky has lit up  
Exposing you  
Can you heal it  
Are you gonna be found out  
Or is it something new

You don't know what you're destroying

Watch me wallowing in sweet denial  
Teach me to win and lose  
I been waiting it's a slow arrival  
Wash it over me  
And clean my soul  
I give control...
