Well, good evening to all my friends

I think it goes to show that
The more you get, the more you got
The more you want some more

'Cause it's super sexy, super cool
The way they walk the avenue
But it's a sadder day than yesterday
So it kinda makes 'em super blue

Spastic Sam and Eric Drew
Make supermarkets super flue
But they're just on time
For the rendezvous
I know it goes to show that
The more you get, the more you got
The more you want some more

Some people go out and buy stuff
They see in windows
I don't need no ring, no car, no watch
Baby I got all I need

I know it goes to show that
The more you get, the more you got
The more you want some more

Some people go out and buy stuff
They've seen in books
I don't need no leather jacket
Baby, I'm warm when I'm with you
