Tonight  
If only tonight  
I need something stronger, baby  
Tonight

Like the moon and the stars  
I don't know what you are  
I can't wait any longer  
Tonight

Only love is the real sugar  
Only love is the real...

Everybody's ever felt lonely snap your finger  
Everybody's ever felt lonely...

They say  
There is a way  
If you believe in something good  
It could happen today  
And baby  
I'm trying hard to sound vague  
But can I just hold you in my arms  
Promise you we'll never  
Talk about the promise again

Only love is the real sugar  
Only love is the real...

Tonight  
If only tonight  
I need something stronger, baby  
Can you provide?

Like the moon and the stars  
I don't know what you are  
I can't wait any longer  
Tonight

Cause only love is the real sugar  
Only love is the real...

Everybody's ever felt lonely snap your fingers  
Everybody's ever felt lonely...
