He went to the bottom, put his soul on fire  
He went to the bottom, put his soul on fire  
New Jersey Turnpike riding on a wet night  
New Jersey Turnpike riding on a wet night

Maybe he got the rhyme  
Maybe he got the eyes  
Maybe he got the time  
Counter clock wise  
Yeah  
He said, he said

New Jersey Turnpike riding on a wet night  
New Jersey Turnpike riding on a wet night

Maybe he got the song  
Maybe he got the size  
Maybe he got it wrong  
Counter clock wise

Yeah  
He said, "No more loud music"  
He said, "No more loud music"  
He said, "No more loud music"  
He said, "No more loud music"
