Sin - more than actions, more than thoughts  
Sin - more than feelings, more than words  
Sin is what I am - my nature

Still I stand before my God  
Holy, righteous and just  
Hope He sees me through the blood  
For I am ashes and dust

I am a man, fallen and filthy  
Completely spoiled, selfish and greedy  
The Son of Man, innocent and holy  
She'd His blood and paid the penalty

Still I stand before my God  
Holy, righteous and just  
Hope He sees me through the blood  
For I am ashes and dust

I am a part of holy priesthood  
Completely forgiven by His Blood  
I live no longer, Christ lives in me  
In His name saint I can be

Still I stand before my God  
Holy, righteous and just  
Hope He sees me through the Blood  
For I am ashes and dust
