

Devastation "Contaminated"

Visit "[Contaminated](#)" on MotoLyrics.com

music: burk, elizondo
lyrics: burk, dunsmore

raining fire holocaust, searing death all is lost
torn and tattered decayed matter, final blow blood will
flow
techno-violence submissive will, push the button
overkill
prevalent hatred fornicated, accepting death denying
life

sacrificial - terms of dying
terminating - wars reciding
apocalyptic - genocide
asphyxiated - mortal plight

contamination seeds the ground
death and mortis depriving life
immolation of the masses
blinded eyes asking why

solo: elizondo
poison air ripping lungs, shattered bones infected
blood
blistered skin tears away, shells of life cast aside
carnage wretch, horrid stench, your coffin is where you
stand
victims of atrocity, remnants of humanity

sacrificial - terms of dying
terminating - wars reciding
apocalyptic - genocide

asphyxiated - mortal plight

contamination seeds the ground
death and mortis depriving life
immolation of the masses
blinded eyes asking why

contaminated now as my body starts to burn
feel no pain as i escape reality

now watch me die as i try to escape the fatal dose
the will to live merely now just a killing joke

raining fire holocaust, searing death all is lost
torn and tattered decayed matter, final blow blood will
flow
techno-violence submissive will, push the button
overkill
prevalent hatred fornicated, accepting death denying
life

sacrificial - terms of dying
terminating - wars reciding
apocalyptic - genocide
asphyxiated - mortal plight

contamination seeds the ground
death and mortis depriving life
immolation of the masses
blinded eyes asking why

solo: burk
