Fall, oh catch since once burned your bread but when
the night comes
Light of match will catch lay low leva? sing so long
Widow spreads like cornfields in fall she come night

She leave no trace she don't leave her roll like
cornfields in fall

Ohhhh , ohhh, ohhh

So long friend I know finally would you lie with me
And hello singer warm ring like hell wontcha sing for

So long snake you're still old, so long snake you're still
