I heard somebody say
That the war ended today
But everybody knows it's goin' still

On mother lands and mother seas
Here's what we believe
It's simple
We don't want to kill

I heard somebody say
That the war ended today
But everybody knows it's goin' still

On mother lands and mother seas
Here's what we believe
It's simple
We don't want to kill

Oh, it's simple
We don't want to kill
Oh, it's simple
We don't want to kill
Oh, it's simple
We don't want to kill
