you made us in your image  
or did we make you in ours  
the quest for pure supremacy  
now we've limited your powers  
take your place begin the ceremony  
i represent all that's righteous and holy  
humanity bow down before me  
desecration of life

father please forgive me  
for i know not what i do  
confessing to another  
will this release my sin against you  
my sanctuary  
is rapidly becoming sanctimonious  
through my eyes  
cast into an archaic mold

afterlife will not suffice  
born to die pay the price

take my hand i plant the seed

as the ritual now proceeds  
save me from my fall from grace  
victim of innocence legacy of faith

kneel to a god you don't know  
finding comfort for your soul  
before the altar you now stand  
drink the blood of the dying lamb  
crucifix and statues show  
ritualistic minds begin to flow  
image of the intangible  
the thoughts you can't behold

afterlife will not suffice  
born to die pay the price

take my hand i plant the seed  
as the ritual now proceeds  
save me from my fall from grace

victim of innocence legacy of faith
