Something you said has made me realise  
The love I have has cut me open wide  
And I won't ever be the same again  
Won't ever run away again  
No, I'm not afraid to try  
Look into my eyes  
Can't you see that I've been waiting  
I've lived anticipating

And these arms wait for you  
This heart beats for you  
This breath of love is sweet for you  
This woman incomplete without you  
With each passing day  
We fall into place

You are the rain to wash away my fears  
You are the sun to dry this veil of tears  
Oh, you make me feel alive again  
You make me wanna smile again

Oh, don't wanna be alone again  
Won't ever let you go again  
(This woman incomplete without you)  
And I will keep you safe and sound  
Look into your heart  
(With each passing day)

Can't you see that I've been waiting  
(We fall into place)  
I've lived anticipating

And these arms wait for you  
This heart beats for you  
This breath of love is sweet for you  
This woman incomplete without you  
With each passing day  
We fall into place

This heart beats for you  
These arms wait for you  
This breath of love is sweet for you  
This woman incomplete without you  
With each.....
