I'm a gonna be the next big nothing  
You won't see my name on MTV  
I'm a gonna be the next big nothing  
No one knows my name in Tennessee

Once I thought that I would be a big star  
Making everybody look at me  
Driving to the bank in my big car  
Looking at myself on tv

Well I'm a gonna be the next big nothing  
You won't see my name on MTV  
I'm a gonna be the next big nothing  
No one knows my name in Tennessee

Mama said that I was gonna make it  
That I'd sing on that grand ol' opry  
Then I'd stick my hands in wet concrete  
But no one ever thought of asking me

Well I'm a gonna be the next big nothing  
You won't see my name on MTV  
I'm a gonna be the next big nothing  
No one knows my name in Tennessee

I said you won't know my name in Tennessee
