Beast from grace kills your face  
Independence erased  
Slaves in my embrace  
Eat your spirit alive  
The stench of my hive  
On your suffering shits I thrive and thrive

Spawn of all  
I am the break an the fall of all you morons who  
thought I was a force of love  
I will send death and chaos from my heavens above

Narcissist monolith you die you don't get shit  
A gruesome flesh and soul split  
My love is the one of betray  
Forget life of day  
Ravening - you pray and you're prey

Spawn of all  
I am the break an the fall of all you morons who  
thought I was a force of love  
I will send death and chaos from my heavens above

Die for me  
I was born in instigate  
Blessed be  
I was born to instigate  
Never free  
I was born to instigate  
Slaves eternally  
I was born to instigate war

Preacher says I love you but I don't  
Preacher says I'll save you but I won't  
Just give me all  
I never forgive you fro what has been  
I'm a snakebite love you like a guillotine

I disturb you till your too tired to sleep  
My grasping hand will strangle and I laugh  
When you weep

I trample shatter put an end to dreams  
Swallow you eternally I'll feed on your screams

Die for me  
I was born in instigate  
Blessed be  
I was born to instigate  
Never free  
I was born to instigate  
Slaves eternally  
I was born to kill
