"Land Of Opportunities"

I hear the word opportunity so many times I'm not sure
what it means to me
All importance lost in a definition that's been spread to
the masses by the age of integrity
I hear the talk about stability, i start to realize this ain't
the land of opportunity
I heard a story today about a man who had millions but
no stories to tell
Climbed on top of his mountain of money & found he
was all alone
To live a life in the name of money was the opportunity
he should have blown
No shit i realize, I'm not the only one
This happens everyday, you know it happens to
everyone
I get real pissed off, & i throw my hands in the air
But i got my friends with me, so i don't care
Don't tell me what i want, don't tell me what i need
Don't tell me what i have or what to be taking, I'll tell
you what i want
Don't worry about me, I've got my opportunity
