To lose the love I've had
Lose the love I've had
Make it easier on me
Easier on me

Said, it's cold outside
Well, it's cold outside
It's so cold outside
Yes, It's cold outside

We should come inside
(Cause it's cold outside)
We should come inside
(Cause it's cold outside)

Said, it's cold outside
(Yeah, it's cold outside)
Yeah, it's cold outside
(Yeah, it's cold outside)

We should come inside
We should come inside
(Cause it's cold outside)
