I'm high and I'm happy and I'm free
I got my whole heart laid out right in front of me
And I finally can see the way it's always been
The need for peace starts from within

So I leave my possessions to the wind
And I'm done with ever wanting anything
Well, I can die satisfied no desires do I hide
Not today, not today, nor for the next one thousand
lives

I wanna be a little seahorse
I wanna be a little seahorse
A little seahorse

I wanna be a little seahorse
I wanna be a little seahorse
I wanna be a little seahorse
I wanna be a little seahorse

I, I wanna see a little green man
Oh, sleep with me now and then
I, I wanna see a little green man
Oh, sleep with me now and then

A little green man
Oh, sleep with me now and then

Well, I'm scared of ever being born again
If it's in this form again
Well, I wanna know how, why, where and when
And then and then

I wanna see you be the bright night sky
I wanna see you come back as the light
I wanna see you be the bright night sky
I wanna see you come back as the light, yeah
