Say goodbye to an old friend  
Take a ride with a new one  
Where all your troubles stay locked up so deep in your  
soul  
And all the people that you call your friends do they  
know  
Say hello to something that wasn't there before  
Something that makes me wish I'd never been there  
before  
You said, you said  
Nothing would change  
Nothing would change  
Say goodbye  
There's nothing more to say  
I've been down this road before  
And I'll crawl again this way  
You said, you said  
Nothing would change  
Nothing would change  
(Don't leave me behind with nothing alone)

It lies with me, it lies with me, it lies with me  
And it's all I see
