"You Could Walk Forever"

The walk that walks
And takes me forever
Leads me down the road to nothing
The shoes that take me don't matter
And I've been walking forever
You could wear fancy clothes
You could hope that I wear your rose
But inside I know what's true

And baby it's not you
The walk that I've been walking forever
To make sure no one finds me ever
I could wear pretty clothes
And I could wear your rose
But inside you know the truth
You know... I'm not like you
