Yeah,
This is somethin' sweet right here
aha
Love is everywhere,
Yeah, yeah
Device
C'mon now yeah
c'mon now yeah
aha

This is for my number one
I've been true a lot
Four years later
And she's still rite on the spot
Had a lot of ups and downs
Im so still truly yours
Doing sowing now
We proceed to live it up
Till im been around
Shows i was missin ya
Imagin that all
Coming back kissin ya
Eating ice cream
Then i lick it from her lips
Sipping shap together untight
Then i get you high

Im strong, but your tasty
I'm going crazy
When you roll up
So beautiful - you daze me
Project, goal, bling - bling, shiny stuff
Really looks good to you
I've been a fluff
Imagine - me and you skin to skin
And now your loving
You know a man
See popping girls
Number ones for me
But when you're around
Thats the thing to be

C'mon

So much love is in the world
So much pain in little words
Wanna give you what you want girl
Live it up - this is your world
So...

A little piece on me
A little piece on you
A little piece on us
(Got a love for me - I got love for you)
So a little piece on me
A little piece on you
A little piece on us
(Got a love for me - I got love for you)

Your lips, your hips - so marvelous
i think you've been kissed by the bless
Your walk, your talk - lookin door from door
I bet you get all the time whole
All that, all that , baby, all that
That is what you've got
Don't you know that your not
I'm talking hardcore
So open up your door
i'm gonna give you more, i'm gonna give you more

We gonna give you life
Its too love decide
I'll kiss you lactant, toss and macamont
It's tonight
You're back yo
It's all roman
You taste like candy
We're hot and randy
I want you badly
I strip your panties
We get on this trick
You now it's too magick
We're both together like a traffic
Whatever you want
Im so for you - you have it girl

So much love is in the world
So much pain in little words
Wanna give you what you want girl
Live it up - this is your world
So...
A little piece on me
A little piece on you
A little piece on us

(Got a love for me - I got love for you)
So a little piece on me
A little piece on you
A little piece on us
(Got a love for me - I got love for you)
