Who was the one that stood beside you through the war  
of your life  
Who stood defiant in the face of your enemy  
Who was the one you could confide in when your  
adversaries made you run and hide  
There's no messiah out there waiting to deliver you  
now  
You've lost the war and have surrendered your  
sanity  
What was before has now been scattered from the  
heavy devastation left behind

PRE:

You made it happen again  
Threw your cover away  
Built battlements to stand for all time

CH:

You've waged your war of lies  
Discarded your disguise

I was the one you said could never be a part of your life  
I was the one who had a moment of clarity  
Only a son, could stay devoted to a fabricator living  
their own lies  
The ones who loved you can no longer be a part of you  
now  
You're very deft at trying to garner their sympathy  
But your reflection will reveal the shadowed image of  
the criminal inside

PRE:

You've let it happen again  
Thrown your honor away  
You may never learn until your denied

CH:

You've waged your war of lies

Discarded your disguise  
Seen through damnation's eyes  
You blame me for your lies

BR:

You don't get it  
You won't let it  
You won't ever admit your fucking lie  
You don't get it  
I won't let it  
I won't believe this time
