"Alone With You"

something has to change
something has to give
I could re-arrange my mind
and what I did
if I were to choose
either way I loose
I could be alone
or be alone with you

empty space
to fill an empty place
everything I see
is meaningless to me
if it's how you feel than it's real

was I wrong to just go on and on

you never knew that I was gone
what does that say of me
you never thought that I
only needed you
just for a little while

empty space
to fill an empty place
everything I see
is meaningless to me
you make me tired
life wants to live
you just want to watch it
