Keep close
Darling got me
He moves slowly from me
He's cold
Your eyes on me
He won't know that you got me

Sound asleep it's everything I want it to
In the light it fades away
Hold a dream and turn it into grey

Last night I slept
Blowing rooftop
Fell over edge, falling,
Woke up

Sound asleep he's everything I want him to

In the light he is what he is
Hold him tight and watch him fade away

Love, is this running?
Am I stopping?
Will you hold?
Love, am I running?
I'm not stopping
Not for nothing.
Love, I'm just running,
I'm not stopping
Not for no one.

Keep close, your eyes on me
As I go, darling lost me.
