"Heaven Please"

Visit "[Heaven Please](#)" on MotoLyrics.com

Heaven, please I have fallen on my knees
And out of your arms take me back, I am good now
Heaven, please I have given everything to sing for you
Give some back love now

What's the game ? Please stop pretending
That you don't hear me
Heaven, please come down and save me
And bring that man to me

Heaven, please I've been walking gates
Whose entrance I am denied, let me in let me in now
Heaven, sweet I am calling at your feet, I been true to you
Paid my due's, say I'm through now

La, la, la, la, la
