I can see you in my past,  
But this time's been so alone.  
Can't seem to find you,  
But I've come to take you home.  
Just want to touch you through the glass,  
But you don't see me.  
Do you remember when we met last?

Don't lose your faith in love.  
Don't lose your faith in love.  
Bring it on home to me,  
I'll give you faith in love, today.

I will know you by the way you look at me.  
No one can hold your gaze longer than me.  
No, no one makes you sigh.  
Don't be afraid,  
Come with me,  
I'll protect you,  
I've got God on my side.

Don't lose your faith in love.  
Don't lose your faith in love.  
Come home with me,  
I'll give you faith in love, today.

And they all think they understand you,  
And you just smile and let them think they do.  
You've accepted you might have to trek alone,  
But you'll get your table set for two.  
And I look into your eyes  
And I can see what the others can't,  
Because they all want to own you,  
But I just want to have this dance.

Don't lose your faith in love.  
Don't lose your faith in love.  
Come home to me,  
I'll give you faith in love, today.

Don't lose your faith in love.  
Don't lose your faith in love.

Come home, come home to me.
