You ride past me with blinding speed  
I'd like to get to know you if you please but  
Every time I try, every time I try  
It don't work out and I don't know the reason why...

Why... why... ?  
Every time we try to get together it's like stormy  
weather  
Why... why... why... ?

Why is it that when you look at me  
I see something in you that you don't see in me  
For every waking hour, my admiration towers over you  
But hell what can I do?...

I really think I love you, I think I do and it makes me  
blue 'cause you  
Won't even look my way give me the time of day to  
explain to you  
That I will never tease you, never leave you, always  
please you until the moon  
Falls into the sea leaving just you and me to discuss it  
over tea

I listen intently to the words that you speak  
I fantasize that you are speaking only to me  
Just like the brightest flower midst of the darkest hour  
Can't you see that you're the only one for me... ?

Why... why... ?  
Every time we try to get together it's like stormy  
weather  
Why... why... why... ?
