The broken rules to wipe this from us  
You're taking our souls  
You're killing our dreams  
You're telling me how hard it's for you  
You haven't a clue  
We did this all ourselves  
The morning sun brings nothing but cold  
An empty gesture to a hopeless man  
Try living our lives  
What could you know of progress?  
You barely even think  
Our dreams are a shattered curse

What's changed now?  
You'll take it from me, you'll pull me down  
A hand held out  
You'll never leave us alone  
So what's changed now?  
You never listen, you never try  
You sink your joys  
You're making my prospect so bleak

The loneliest sun, the loneliest day  
The loneliest life, the loneliest life  
All I see is an open grave with our names on the stone  
You're moving the dirt, you're burying the hopeful

What's changed now?  
You'll take it from me, you'll pull me down  
A hand held out  
You'll never leave us alone  
So what's changed now?  
You never listen, you never try  
You sink your joys  
You're making my prosepct so bleak

I will never escape from your grasp  
You're leaving us to the sharks  
You're sitting in silence to watch us fall  
A moment of promise lost for good  
You're sitting in silence to watch us fall

We're all going to sink

The end of days approach faster than we would have  
hoped

Your arms are folded; a last reminder

Living in a ghost town; what can I do?

A mocking blow to floor us; we won't forget

The problem is you

-

Rain pours down; what can I do?

I'm not giving up

I'm not breaking our promise, I'm not alone

The rain pours down; but what can I do?

I'm not giving up

I'm not falling apart, I'm not letting go

The rain pours down; but what can I do?

I'm not giving up

I'm not letting this hurt me, I won't run

The rain pours down; but what can I do?

We will never resent this

Even if we were to fail

this was all worth every second

Light shines down in every moment

Even when we're knocked down

the journey is not a lost cause

Light shines down in every moment

Pulling your hopes and dreams

kicking and screaming

You'll never regret; not even a second

Light shines down in every moment.
