I can't be open if you are in the way  
Another chance has just passed us by  
If you can't take on the role how can you expect us to  
move?

Your mistakes are too great to count

But I won't fall for any of your vows  
You're falling apart  
And I won't break for any of your tears  
You're falling apart

I won't be able to scream louder  
If I could I'd be able to say:  
You're not capable of progress  
You cannot illuminate the path

Mistakes surrounding you, mistakes engulfing us  
We cannot make this alone  
Pull out defences and let it in  
The water's crashing down

But I won't fall for any of your vows  
You're falling apart  
And I won't break for any of your tears  
You're falling apart

I won't be able to scream louder  
If I could I'd be able to say:  
You're not capable of progress  
You cannot illuminate the path

Thread bare; things won't move  
Will you even care?  
This bad dispute  
You can only fall down.
