"Bear witness unto"

Scream in vain tonight
All the kings must fall
Take a stand tonight
All the kinds must fall
Fight or flight tonight
This night I
Give them hell tonight
This night is meant for disaster

Go --- bear witness unto
This solitude, my solitude

Under the gun and without a knife
Its going off without a hitch
Get done!!!

Alright

Sink or swim tonight
Cant stop the way I
Ring the bell tonight
All the kings must fall
Roll the dice tonight
Give it all to chance
I
This night I

Go ---bear witness unto
This solitude, my solitude

Under the gun without a knife
It
Get gone!!
