Fate

Peddlers, pushers, insects
The chants, charms
Blood, sweat and beer
I've got bones to throw

It's no secret
Secrets aren't bought and sold
You gotta pay
With your heart and soul

We're all laid low by the hand
So get your head up
Get your head up outta the sand
So get your head up

The lion will eat the heart
Serpents coil from the start
What did you hope to achieve?

Along side rides, one with great destiny

Fate stepped in to lend a hand again
Fate stepped in to lend a hand
Fate stepped in to lend a hand again
Fate stepped in to lend a hand

Echoes from the grave

Potions, oils, insects
Their chants, charms
Blood, sweat and beer
I've got bones to throw

It's no secret
Secrets aren't bought and sold
You gotta pay
With your heart and soul

We're all laid low by the hand
So get your head up

Get your head up outta the sand
So get your head up

The lion will eat the heart
Serpents coil from the start
What did you hope to achieve?

Along side rides, one with great destiny

Fate stepped in to lend a hand again
Fate stepped in to lend a hand
Fate stepped in to lend a hand again
Fate stepped in to lend a hand

Echoes from the grave

Watching the vultures swarm
Like being tied down
In the midday sun
In the midday sun

Echoes from the grave
From the grave, from the grave
Echoes from the grave
From the grave, from the grave
From the grave, from the grave
