Destroy all, destroy all or nothing

I dreamed I died, ended up at the gates of Heaven
Greeted by a man Saint someone, said how's the ride son?
It's been alright, at times a little rough, but why am I here?
You did alright, lived a little dark and that's alright

'Cause we made the darkside and the rightside is to have no fear, no fear
My whole life flashed in front of me
I saw everything that I was and what I had done
Even let me look back on some good times for a little fun
Yes, a little fun
And then I heard damn boy you done good
Did the every little thing that you could
And then I heard damn boy you done good
Damn good

When you hear the call, bury them all
Destroy all or nothing
When I hear the call, I will bury them all
I will destroy all or nothing

When the sky opened up and the clouds parted clear
There wasn't any doubt to why I was here
And I knew I'd done a good job, the best job that I could do
So now it was time to move on, to get on, to get back
To the question of why I was here and what I had learned, no fear
My whole life flashed in front of me
I saw everything that I was and what I had done

Even let me look back on some good times for a little fun
Yes, a little fun
And then I heard damn boy you done good
Did every little thing that you could
And then I heard damn boy you done good

Damn good

When you hear the call, bury them all
Destroy all or nothing
When I hear the call, I will bury them all
I will destroy all or nothing

My whole life...my whole life...flashed!

My whole life flashed in front of my eyes (x2)
My whole life flashed
Flashed in front of my eyes
Goddamn, wake up, bad dream,(x3)
Goddamn, wake up, bad dream, bad dream
When you hear the call, bury them all
Destroy all or nothing
When I hear the call, I will bury them all
I will destroy all or nothing
