I feel you pulling on my heart strings
You wanting me where you are and I can't be
Open to tell you what I'm feeling
I can't explain the way I feel inside
Why must I feel the way that I do?
I wanna spend every day with you
You're the reason why I'm breathing
I'm learning a new meaning, I'm gonna risk it all

And just fall
And see what lies beneath when I fall
I hope that love is there when I fall
I'm phasing all my fears, gonna fall
I'm standing on, standing on the edge

And I can see it down below
With the... wide open
I'm standing here looking up and lord I'm hoping
This is the right decision, I don't wanna miss out on
love no more
Show me the way to come, cause standing here I don't
know why
Should I stay? Should I fall?
I gotta risk it all, 1, 2, 3, 4

Fall, and see what lies beneath when I fall
I hope that love is there when I fall
I'm phasing all my fears, gonna fall
I'm standing on, I'm standing on the edge
I'm standing on, I'm standing on the edge
I'm standing on, I'm standing on the edge
I'm standing, standing, falling yeah
Love catch me
Standing on, standing on the edge
