Hey! You're awake!
And it keeps you where you're born to be,
You're afraid... he's afraid!
And it keeps your wants a-wanting...
Oh, let go!
You're the only thing that keeps you well controlled,
Self-control!
It will make sure we are one, you wanna see us!

Oh!
You're addicted!
Which makes it seem so hard to be your friend
You're addicted to your pain.
Benedict us!
Stay away from the pornography I'm saying:
"Let's be like the mountain!"

Om! Om! Om! Om!
Oh, oh, oh-o!
Om! Om! Om! Om!
Stay wise

Oh, let's go...
I will not choose, I will not know control!
Self-control!
We will make sure we are clear
You'll want to see us.

Oh!
We're addicted!
Which makes it seem so hard to be our friend
We're addicted to our pain.
Benedict us!
Stay away from the pornography I'm saying:
"You're addicted to our pain..."
Been a dick to us!
Stay away from the pornography I'm saying:
"Let's be like the mountain!"
Om! Om! Om! Om!
