Devin: (chorus)

How many people gettin high today?  
How many people like to smoke weed?  
Aint nothin wrong wit a little marijuana.

How many people getting high today?  
How many people feelin' like me?  
Ain't nothin' wrong wit a little marijuana.

I smoke a little, well i smoke a lot.  
In the morning rollin weed next to tha coffee pot  
sometimes i gather up all the doobies i can spot

Kb:

How old were you when you took your first puff.

Devin:

Shit I forgot  
but i do remember tryin out some other shit  
the kind that got me too high and made a brother quit  
i better sit my ass down and grab a zig zag  
a philly blunt, a sweet, or somethin and a big bag of  
herb  
syrup, crack, coke, rock raw naw I ain't wit it, but any  
kind of weed ya got a nigga proly hit it  
had to hustle up a way to put it on my tax write off  
take it to work with me, if i have got none take the night  
off  
smokin weed you dont even think about guns  
bout to choke a muthafucka if you aint got none  
people get high when they feelin bad, get high when  
they partyin',  
some get high wit their neighbors, some get high wit  
they guardians
