Bitch what do you want? Nigga what do you need?  
A rock hard bone? A dime of weed?  
Whatever it is hoe, you can hit him from a phone  
But if ya don't want nothin' leave him alone he be gone

See he's known for smokin' skunk and gettin' drunk  
without knowin'  
He through about twenty bitches and hoes and he  
probably fucked yours  
But the dude don't disrespect but then he takes no shit  
But if your bitch is in his ride then she's gettin' some  
dick

He moves quick real slick, never been to the pen or the  
forum  
They got stories bout the dude the kids bragged when  
they saw him  
And them laws he don't bomb that nigga just keep  
dippin'  
Early in the morning flippin', coffee sippin'

Don't be trippin' on niggas they see him walk in the  
store  
Get him some cigarettes, cigars and a Colt 4-0  
Without payin' walk out that hoe so calm and so cool  
?Who's that??. ?Man, that's the dude and he's a  
Goddamn fool?

Who is it?  
Not too often seen in public, that's the dude  
Who is it?  
Smokin' on sweets while he's gettin' his nuts licked  
that's the dude

Don't come talkin'  
That nothin' shit  
Round the dude  
Don't play no funny games

Don't talk shit, no  
He'll tell you to suck his dick  
He's the dude

Hey, hey, here comes the dude

Da da do dap, Bla do blap dap  
Bitches front 'em at the club they gettin' jab slapped,  
he don't cap  
To him that bring too much attention  
Keep his eyes open for premeditated lynchin'

Countin' inches on his hard dick  
You might need a yard stick  
He makes bitches suck it  
And make them niggas get off it

Don't start shit with the dude  
You wouldn't want him to finish  
'Cause hoe you know it be on in a minute

You need to thank him for ya gal he made her suck a  
little better  
He love makin' trash outta another niggas treasure  
'Cause bitches for dude dog, come a dime a dozen  
Fuck one, let one suck his dick then find another

He don't debate he concentrate on survivin'  
He don't like to drive if he's been drinkin'  
But he'll drink while he's drivin'  
But he's higher than a fuck, you'll never catch him  
sober  
All his women quit him cause they got fucked over

But all the pussy he got was pussy he earned  
He'll fire up a sweet before you'll fire up yearn  
Some say he's nice and friendly but the niggas no fool  
He's so swift, he's so smooth, he's so calm, he's so  
cool dude

Who is it?  
Devin the Dude [Incomprehensible] house remix  
Who is it?

Don't come talkin'  
That nothin' shit  
Round the dude  
Don't play no funny games

Don't talk shit, no  
He'll tell you to suck his dick  
He's the dude  
Hey, hey, here comes the dude

Hey, hey hell yeah, can't you tell?

The dude been through hell  
See the smoke in the air?  
Shouldn't do the shit he do but see the dude don't care  
Empty bottles of beer and empty rubbers everywhere

He jam old school music in his low slightly bumpin'  
Saw him last Tuesday in an old white somethin'  
Half naked bitch with him with plenty of ass  
He threw the deuces at your boy and continued to pass

People spread rumors about him to bring him down  
But if ya know him like I do you know he don't fuck  
around  
And he clowns and he jokes and he smokes and he  
hangs  
But don't fuck over the dude one night he showed me a  
brain, no name

I ain't gonna tell you all of his biz  
He's down to fight for his friends, die for his momma  
and kids  
Niggas be placin' they bids tryin' to do like he do  
Try to be where he's been but they get folded in two,  
he's the dude

Who is it?  
Don't play no funny games
