You are the rainbow!
You are the sun to my chameleon!

We are the river!
We are the stone!
And you're never alone, while you're feeding the crux
of the you.
You brave accadian

Oh, thank you... thank you!

Paralized, terrorized,
In my eyes I've always fallen
End this line, endless lie
Endlessly but still I'm falling

Break me away from my t.

Hold on tight!

Hold on to you!

Paralized, terrorized,
In my eyes I've always fallen
End this line, endless lie
Endlessly so pixillate me
Paralized, terrorized,
In my eyes I've always fallen
End this line, endless lie
Endless lines but still I've fallen

Break me away from my I
... hold on tight..
It's this hope... that gives us
