Three hour suicide
...To get me out of here
In three years, 'Deicide' is all I'll ever hear.
Death of God
...Death of feeling anything at all
All my life this is understood
Wasting my time like you knew that I would...knew that I
would
So I hide my internal suicide
All my pride just to keep it inside...
KEEP IT INSIDE BOY!!!
suffer...
All my life this is understood
Wasting my time like you knew that I would

...Knew that I would
So I hide my internal suicide
All my pride just to keep it inside...keep it INSIDE
Ten thousand lies...
TEN THOUSAND LIES!!!
